“ *To My Tootsie:
You are the second mom that I was blessed to have in my life. Without even realizing it, you taught me how to be strong, how to enjoy life, how to be silly and lighthearted (even when cleaning baseboards in Wildwood). I will always remember all the delicious lunches that you made for me when I was in grade school and came to your house over the lunch break.
We had so so many fun times together and our times together were precious. I always felt we shared a special bond that I will deeply cherish. I feel so fortunate to have all these wonderful memories and will hold them forever close to my heart.
Love you always ❤️*

“ *My Aunt, second mom, girlfriend. I am so very fortunate and grateful to have had you my whole life. When I was a child, you fed me lunch, played games with me and protected me from dragon flies on the beach.
As an adult, I cherished time with you chatting, sharing views opinions laughs and wine. I will miss our talks - I will miss you. But I will hold onto the many good memories in my heart always.
I know you are happy now and at peace, so I am happy for you, but sad for me.
I love you more - Denise*

“ I had the honor of knowing Mrs D while she was a resident at Riverview Estates, she was one of the most sweetest and kindest and I always enjoyed seeing her when she would come down for her meals in the dining room. I always said she was my fellow paisan, I will miss her dearly and my heartfelt condolences go out to her family. I love you to the moon and back Mrs D and I'm so grateful god had you in my life. With love your friend Charles Logue
