“ *RIP my old Friend! I did not know you were gone until today! We grew up together and has many good times !
Our Moms were very close and after they passed we just always corresponded thru cards at Christmas and birthdays! When I did not receive a card I just thought you forgot but after I did not get another I googled your name and saw you passed almost 2 years ago! So so sad to hear this but you fought a good fight and always had a smile! RIP with Mom and Dad!*
