“ Mom, my Very Best Friend! What a blessing to have had a Godly Mother. She ALWAYS made time for me and everyone that she loved. She was a genuinely kind, generous and caring person that radiated the love of Christ and left a legacy that will Never die. Thank you Mom. May you now rest in the comforting arms of our Lord and Savior Jesus Christ. Till we meet again. XOXOXO

I am so sorry for your loss.. I was a Montano and when we were young my mom I went over your Grandmoms house on Chadwick Street every Friday for dinner. They were the good old days and such a good time. I thought your Mom was the most beautiful lady in the world. I remember how she loved Connie Francis and how she loved to sing..today I came across her obituary and saw her funeral was today. It brought me back to our time together.. my name is Angela just like your sister...she is now an angel in heaven. May she rest in peace ❤️
