“ No words can describe the horrible feeling I have in the pit of my stomach over this wonderful man's life being taken from him. He was full of zest and energy and had so many dreams left to fulfill.. it's unfair that he's no longer with us! He was a wonderful friend and truly like a brother to me. He loved my family whole heartedly and we loved him. I have so many fond memories vacationing with him and just simply spending time together. He will be forever in our hearts and sadly missed.
