“ Dear Stella, you easily became a member of our family because of your devotion to Mom. You helped her in so many ways -medical appointments, transportation, bill paying, morale boosting, and most of all the generous love you showed her. Anytime mom needed anything she would say "call Stella!". Our family could not be more grateful. We could never repay your many kindness to our family. Please know that we appreciate your presence in Mom's life. You enriched her experience and you were the daughter close at hand when needed. Mom loved you and our family loves you too.

“ I met Rita about 10 years ago, when I was a driver for Penn Village. Who knew that would be the start of a beautiful friendship. For those years, Rita was a cherished constant in my life. We had so much fun together, and laughed much. She was so intelligent and had a gentle way of getting me to do things her way instead of mine, her way was usually right.

The memory of an elephant! Rita had the memory of 10 elephants. She remembered things I told her about my family and friends, always asking about them. And she frequently educated me with her vast knowledge of history.

I will miss my friend, but I think it was her time to go.
